

Alexandria Gazette.

THURSDAY EVENING, APRIL 6, 1905.

Local Matters.

Sun rises tomorrow at 5:36 and sets 6:30. High water at 9:00 a. m. and 9:24 p. m.

WEATHER PROBABILITIES.—For this section fair and continued cool. Friday fair, diminishing northerly winds.

The Proposed Ferry.

The managers of the proposed new ferry line between this city and Washington believe they will soon secure a suitable steamer for the temporary service from one of the New York ferries. Several of the steamers running between New Jersey and New York, which are being replaced by larger boats, are being replaced by larger boats. Recently two large ferry boats have been completed at Newport News and have gone to New York to take places on one of the routes, and five other ferry steamers for New York route are building and will be completed within the next month or six weeks. Four of these steamers are building at Baltimore and one on Staten Island, and these boats will replace boats now in service on the Baltimore and Ohio railway routes. It is one of these displaced steamers, the new ferry company proposes to obtain to run on the route while the new boats are being built.

Parrot Attacked.

During the wee sma' hours of last night the inmates of a King street boarding house were awakened by cries of distress from a parrot which was in a cage on a lower floor. Several persons went to the room and found the bird on its back bleeding and calling loudly for help. Over the bird stood a huge rat which had entered the cage and made a murderous attack upon the parrot. A gentleman of the rescuing party procured a stick and attacked the rodent, and after some difficulty succeeded in driving it out of the cage to the floor, where it was dispatched. "Polly's" wounds will, it is thought, prove fatal.

Collision with Freight Train.

A light engine of the Southern Railway en route from this city to Washington about 6 o'clock yesterday evening ran into the rear end of a freight train at Waterloo. Millard S. Ticer, engineer in charge of the engine, was thrown from the cab and injured. Douglass Lunsford, the fireman, was also thrown to the ground, and his injuries, while not serious, were painful. The cab and front part of the engine were badly damaged. Engineer Ticer was badly injured. Upon arriving here he was taken to his home, 1123 King street.

Wedding.

Miss Lula Claiborne Cox, daughter of Mr. Joseph E. Cox, formerly of this city, and Mr. William M. Reardon, Jr., of Alexandria, were married yesterday morning at the home of the bride's father, 315 Florida avenue northwest, Washington. Rev. E. V. Regester, of Baltimore, formerly pastor of the Methodist Episcopal Church South in this city, officiated. The ceremony was performed in the presence of only the immediate relatives of the bride and groom. Mr. and Mrs. Reardon left for Atlantic City to spend their honeymoon.

Drawing to a Close.

The oyster season will close with the end of this month. During most of the winter the bivalves have been scarce by reason of the prolonged freeze, and most of those which have come here were shucked elsewhere. Fine oysters have been growing scarce for years, and the varieties which in by-gone days were brought here on vessels are not seen hereabouts in these days. A few weeks ago a small boat arrived here with some fine specimens which sold at 90 cents a bushel.

Columbia Meeting.

The regular monthly meeting of the Columbia fire company was held last night, when considerable business of importance was transacted. Three applications for membership were received. The company accepted the invitation to attend the firemen's convention in Hagerstown, Md., in June, and a committee was appointed to make preliminary arrangements for the trip. The committee's report on the revision of the roll was adopted.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning: Benjamin Thomas, colored, arrested by Officer Roberts charged with assaulting and beating Maggie Bell, had his case continued. William Young, colored, arrested by Officers Smith and Gill on suspicion of larceny, was sent out of the city.

Purposed Plant.

Mr. Julius Graham, of Leesburg, who recently applied to the City Council for terms for the purchase of city property near the outlet of the old Alexandria canal, was in the city today and had an interview with Mayor Paff concerning the acquisition of the same. Mr. Graham proposes to erect a porkpacking plant and a cold-storage warehouse on the property.

The Fishery.

The rainy weather and northeast winds of yesterday interfered materially with the gillermen, and but few shad were caught. The receipts of herring, however, keep up. Shad sold today at from 20 to 30 cents each for buck, and at 40 to 50 cents a dozen. Many perch, rockfish, catfish and other varieties are arriving.

Change in Weather.

The rainy weather of yesterday and last night passed away at an early hour this morning, when the wind changed to the northwest and clearing conditions followed. The temperature had fallen considerably by daybreak, and fires again became necessary in houses, while those moving about the streets found overcoats comfortable.

Banquet.

The Knights of Maccabees of this city will give their annual banquet on Monday night next at Mrs. Bohraus's Hotel. An enjoyable time is anticipated by all who purpose to attend. The Maccabees have for some time been an Alexandria institution, and the roster embraces the names of a number of representative citizens.

Personal.

Rev. William Meade Clark, of St. James' Church, Richmond, will preach at Christ Church tonight. Mr. Edward L. Daingerfield and family, who spent the winter in Africa and Europe, reached their home in this city today, having had a most enjoyable trip.

Miss Grace Anderson, of Alexandria, is visiting Miss Lelia Hopper, of 117 west Lafayette avenue.—(Baltimore American.) Mrs. Cassius Francis Lee has issued invitations to the wedding of her daughter, Miss Elizabeth Lloyd Lee and Mr. George Garr Henry, which is to take place at Christ Church, this city, at 4 o'clock on the evening of the 26th inst.

The condition of Mr. Charles Schreiner, who has been seriously ill for some time past, was much improved today. It is reported that Mr. W. S. Murrian, master mechanic at the Southern Railway depot at this city, will be transferred to Spencer, N. C., and that he is to be succeeded by Mr. Sheehan, who was general foreman when the late C. F. Thomas was master mechanic.

Dr. Vance's Sermon.

Rev. Dr. J. I. Vance delivered an interesting sermon in the Second Presbyterian Church last night. Notwithstanding the unfavorable weather, the attendance was large. The doctor's text was Heb. XII, 6. He had the close attention of his congregation throughout his discourse.

Struck by an Engine.

An Italian laborer, employed by Reiter, Curtiss & Hill, a short distance north of this city, was struck on the head by a dinky engine early this morning and seriously injured. He was brought to this city and placed in the Alexandria Hospital.

LOCAL BREVITIES.

Marketmaster Lyles reports the renting of two more stalls in market, and applications for others.

The house that Mr. T. C. Howard has purchased from Mr. S. H. Hunt is 917, not 317, Cameron street.

Washington Canton, No. 1, Patriarchs Militant, I. O. O. F., will visit this city tonight for the purpose of instituting Alexandria Canton, No. 2.

A marriage license was issued in Washington yesterday to Randolph T. Ambler, of Fairfax county, and Olivia E. Crouch, of Loudoun county.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent relief from all your troubles, and your body will not be burdened by a load of debt disease. At E. S. Leadbeater & Sons' drug store. Price 50c. Guaranteed.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets so strong and healthy that it troubles you no more. Sold by W. F. Creighton & Son, 242 Queen street.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron of Milton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by Gibson & Timberman and W. F. Creighton & Co.

TELEGRAPHIC BREVITIES.

The Greater Pittsburg bill passed the Pennsylvania Senate finally this morning, and it now goes to the governor.

The United States Circuit Court of Appeals at Cincinnati, O., decided, this morning, that it could not hear the appeal in the case of Mrs. Cassie L. Chadwick until the fall term of the court, which will convene in October. The appeal is for a new trial.

Burglars entered the postoffice at Lakeville, Conn., last night and after spending two hours at work on the safe and setting off two blasts, which partially wrecked the office and damaged the safe, failed to get to the money and valuables and departed without any booty.

A Cincinnati, Hamilton & Dayton switch engine left standing on the track at Moorefield, Ind., this morning, was started by some miscreant, ran wild into Indianapolis, and a crash with a car resulted at the entrance to union passenger station, in which three men were injured, one seriously.

An explosion of naphtha in one of the naphtha tanks on board the auxiliary yacht Grille, lying at the foot of 23d street, south Brooklyn, today damaged the yacht to the extent of about \$12,000. The flames communicated to the yacht, Mindora and caused a loss of about \$8,000. The captain, mate and others were injured.

Mayor-elect Dunne's first step toward the installation of municipal street railways in Chicago, through an official, was the dispatch of a cablegram to the Lord Provost of Glasgow, Scotland, asking for "the loan" of his traction expert for thirty days. It is the idea of the mayor-elect that the Glasgow system approaches the ideal and is the proper one for Chicago to copy.

The Nan Patterson Case.

New York, April 6.—J. Randolph Patterson, of Washington, D. C., father of Nan Patterson, the former "Floradora" girl, under indictment, charged with the murder of "Caesar" Young, a book-maker, was again subpoenaed to appear before the grand jury today, but owing to the fact that the Assistant District Attorney was engaged in another case, Mr. Patterson was excused. He was, however, served with another subpoena to appear before the grand jury tomorrow. Mr. Patterson's appearance before the grand jury yesterday was to identify certain letters which he had written to his daughter Julia since she fled from the jurisdiction of this State with her husband, J. Morgan Smith.

According to the defense, when Nan Patterson is again brought to trial there will be a number of new witnesses, who will testify in her behalf. Several of these will be sporting men, who will testify that J. Morgan Smith was abroad a train coming from Gravesend track at the time he is alleged to have purchased the revolver at the establishment of the pawnbroker, Herman Stern.

Mrs. J. Morgan Smith will also be put on the stand to refute the statement of the prosecution's witnesses that Caesar Young met Nan Patterson by appointment on the morning of the shooting. She will testify, it is said, that Young on that morning called her up on the 'phone four separate times, with the request that Nan meet him and that she carried the message to Nan. The first three times Nan said she did not care to get up and desired to continue her sleep. When the message was delivered the fourth time, Nan got up, dressed herself and went to meet Young.

Approaching Royal Wedding.

Berlin, April 6.—The preliminary arrangements for the public entry into Berlin of the Duchess, Cecile of Mecklenburg-Schwerin on June 4 previous to her wedding to the Crown Prince Frederick William which will take place on June 6, have been completed. The Duchess will arrive on the morning of June 4, at Bellevue Castle on the outskirts of Berlin. She will enter the city in the afternoon, with a triumphal procession passing through the Brandenburg Gate, and along the beautiful Unter den Linden street to the Imperial Palace. Numerous arches decorated with roses will be erected in her honor and the route from the Gate to the palace will be lined with troops. Members of the mediaeval guilds wearing historic costumes, the Burgomaster and the city councillors will greet Cecile at the Brandenburg Gate.

A state banquet will be given to the wedding guests on June 5. The wedding day, June 6, will be a public holiday and free dinners will be given to 500,000 of the poor.

Senator Martin to Reply.

Senator Thos. S. Martin, it is practically settled, will soon take the stump in his own behalf and will answer the charges brought against his official record by Governor Montague at Spotsylvania and Yorktown. The Senator has been furnished a stenographic copy of Governor Montague's remarks, and he is said to be studying them diligently so as to be in a position to make his reply a complete one. When asked what he expected to do Senator Martin said today: "There is no question that the people of Virginia will hear from me in an emphatic way as to all Governor Montague has said in connection with me."

Senator Martin last night held a conference at Murphy's Hotel in Richmond, which was attended by a number of his friends and supporters in that city, and at which plans for the senator's campaign in the city were discussed. The meeting was one of representative men and would have been even more largely attended, but for the inclement weather, several sending expressions of their approval and regretting their inability to be present. The most important action of the conference was the adoption of a resolution authorizing the chairman of the meeting to name a committee which will arrange for a mass-meeting to be held in the Academy of Music and which will be addressed by Senator Martin and possible by others. The date of the meeting will be fixed later, the chairman not yet having selected the committee. It was also determined to prepare an address summarizing the more important services of Senator Martin and presenting his claims for re-election.

Richmond, Va., April 6.—The Martin people are jubilant over the conference of Richmond business men in the Senate's interest held last night, and also over Daniel's interview defending Martin.

Just a Question

Is it cheapest to buy what is cheapest in price or what is best in value?

It is possible for any one who wants to hang out his sign to sell cheap merchandise. The wholesale market is full of it. But the man who sells it caters to today's trade and forgets the tomorrow, which means success.

Your Spring and Summer Wants

Corner King and Pitt Streets.

Bell Telephone No. 207.

covering large sections of country some thirty to fifty miles north of Charlotte, in Iredell and Rowan counties. A dispatch from Mooresville says:

"A terrific storm, attaining the proportion of a cyclone, passed over this section Wednesday afternoon. Many dwelling houses were totally destroyed, while six others were uninjured. So far as known, no one was killed or seriously injured. There were a number hurt to some extent and some narrow escapes."

At Spencer, N. C., the seat of the big shops of the Southern Railway, some thirty miles north of Mooresville, the new mercantile store of C. E. Fesperman was totally destroyed, at a loss of about \$5,000. Friendship Methodist Church, in East Spencer, was considerably damaged. Numerous chimneys and out-buildings were blown down, and it is said that hardly a residence in the town escaped some injury. A little girl barely escaped drowning from the deluge of rain.

A violent tornado yesterday afternoon did great damage to Livingston College, at Salisbury, blowing down Ballard Hall auditorium and laundry. Two students, L. Hall and Ernest Robinson, were seriously injured. The loss is about \$7,500. Mr. Carnegie recently gave the institution \$12,000 for a library. Two churches were destroyed by the windstorm.

To Marry a Jewess.

It was announced in New York yesterday that J. G. Phelps Stokes, a millionaire and son of Anson Phelps Stokes, a millionaire, was to marry Miss Rose H. Pastor, formerly a staff correspondent of the Jewish Daily News. Miss Pastor is well known as a writer and Mr. Stokes is prominent in the social and business world. Miss Pastor a few weeks ago resigned her position on the Jewish Daily News to accept a clerkship in the office of her fiancé, who is a University Settlement worker.

One of Mr. Stokes' sisters, Caroline, met her husband in circumstances similar to those which her brother met the woman whom he intends to make his wife. Miss Stokes was much interested in the movement to improve the condition of the poor of the east side of New York and was a frequent visitor to the University Settlement headquarters. It was there she met Robert Hunter, then head worker of the settlement. A warm friendship sprang up between the two, and this culminated in marriage.

Another sister of Mr. Stokes is Baroness Halkett. One of his brothers, Anson Phelps Stokes, Jr., is a Protestant Episcopal minister and secretary of Yale University. Mr. Stokes himself is a Yale graduate, class of '92, and a member of many clubs.

Although Miss Pastor is a young woman of the highest respectability, the relatives of Mr. Stokes have interposed serious objections to his marriage to her on the score of her religion.

Miss Pastor was born in Russia 25 years ago. She left that country for London in 1882, and there attended the Jewish Free School from the age of 7 until she was 9. The family immigrated to Cleveland in 1891 and the girl, then 12 years old, went to work in a cigar factory, rolling cigars. She remained there until 1902, when she came to New York to accept a position on the Jewish Daily News.

Blown to Pieces.

T. C. Lamb, superintendent of the Tres Amigos mine, Arizona, has been blown to pieces by an infernal machine while asleep in his house at the edge of town. Several sticks of dynamite were placed under a corner of the house and a five-foot fuse attached. When it was exploded the house and contents were scattered all over the hillside. Fragments of Lamb's body were found at places half a mile away. Lamb's wife and family are in the East on a visit. At the coroner's inquest a verdict of murder by persons unknown was returned, but arrests are expected to follow. Lamb had been involved in several bitter disputes about mining property. A strict investigation is being made.
